

Stan Keyworth

FORMER CHAIRMAN RETIRES FROM FLOWTECH

Stan Keyworth has retired from his position as Chairman of Flowtech Holdings; Stan had worked with Flowtech for 5 years and had been instrumental in the company's development over this period.

He had been an important part of Flowtech since it was acquired by Gresham Ltd in 2005, and his influence spread across the group, being actively involved in the acquisitions of both Euro Plumbing Supplies, Birmingham and Allfitt in The Netherlands.

Sean Fennon, Flowtech, CEO, commented "*Stan has been a fantastic asset to Flowtech and has led the business with great energy. We wish him a very happy retirement, although I doubt he will be able to sit still for too long.*"
